

YOU'RE INVITED TO A FREE GM PARTS HYBRID AFTERMARKET SERVICE CLINIC HOSTED BY FRED BEANS PARTS

Your choice of two dates:
Tuesday, 9/14 or Wednesday 9/15 at 6:00 PM
Fred Beans Parts Warehouse
131 Doyle Street
Doylestown, PA 18901
877-942-3267

Before the clinic we will serve dinner and refreshments.

Training Objectives for Sales Skills Training

This General Motors course covers hybrid vehicle technology and its impact on typical aftermarket service opportunities. After completion of this course, you will be able to:

- Identify operating modes and advantages
- Describe operation of hybrid components
- Describe operating nuances related to diagnosis
- Typical procedures and hybrid-related issues
- High voltage safety and precautions
- Battery disconnect procedures on a variety of hybrid models
- Identify special hybrid concerns when performing maintenance

Learn how to safely work on hybrids, come to our GM Parts Hybrid Technology Seminar.

Thank you and we hope to see you there.
